Committees Set Up For Arena Project

A meeting of the Councils and Clerks of Anson, Hindon and Minden, Stanhope, Snowden and Lutterworth was held in the Council Chamber at Minden on Tuesday, May 13, 1969.

At this meeting an agreement was negotiated and approved between the four Municipalities with regards to the proposed Community Hall and Skating Arena. This agreement will be forwarded to the Clerk of each of the Municipalities participating to be passed by By-Law by the respective Councils after their consideration.

It was agreed that an overall committee would consist of members of the four Councils and the Clerks of the four Municipalities plus those appointed to the sub-committees.

Several Committees were appointed and these committees may be added to when desirable.

Chas. S. Brandon agreed to act as co-ordinator of the various committees until an overall chairman is appointed.

The Committees are as follows:
Treasurer - Gordon B. Bibby
Secretary - Dorothy Stamp
PLANNING & BUILDING - Bob Beeney (Chairman), Sinc Nesbitt, John Hulbig, Reg Booth, Gerald Hicks, Ralph Young, Mervin Brohm, Al Cooper.
FUND RAISING - Elsie Bursey (Chairman), Grace Simmons, Gene Whitney, Lloyd Walker, Marg Miller, Betty Hicks.
FINANCE - Roy Windover (Chairman), Bob Vick, Nelson Archer, John Down.
PUBLICITY - Al Greir (Chairman) Bill Payne, Louise Watson, Sid Jennings.

It was suggested that a meeting of the overall committee be held the first or second week of June and the sub-committees are asked to meet prior to the next general meeting and be prepared to present a report at that time.

TIME RUNNING OUT FOR THOSE WHO WANT TO TAKE PART IN MINDENS WALK-A-THON

Time is running out for those who would like to walk and pledge money in Minden's first Walk-A-Thon. Saturday, June 7th. is the day of the walk, all walkers are asked to meet at the Progress office at 8:30 sharp, for numbers and instructions. Dave Stamp has donated his busses for the trip to Haliburton.

The financial response has been heart warming for those who are going to make the walk. The figure to date is $3,084.90 — we are attempting to reach the $5,000 mark, and have nine days left to reach the goal.

Don't forget the dance on Saturday evening, June 7th. in the Curling rink. Admission is $1.00.

SHRINERS SPONSOR TRIP TO CIRCUS

The Shriners here in Minden sponsored their annual trip for the grade six students of the public school to the Shriner Circus in Peterborough. Shown above are the students who took the trip recently as they get on the bus donated by Dave Stamp for the trip. Three Shriners in the background are J. Earle Palmer, Floyd Hall, and Hugh Alton.

MINDEN CURLING CLUB NEWS

The executive of the Minden Curling Club held its May meeting on Thursday Evening, May 22 at the Curling Rink Club Room with an attendance of ten members.

The enthusiasm of the past winter's activities was quite evident and there was a general feeling that the Club Meeting in September would be well attended. It is hoped that a barbecue will be organized as an early fall occasion.

A Committee for a "Snowmobile Draw" was named and chairman Hal will be the man at the helm on this project. Hal is hoping that all members will rally their support in this endeavour.

Another fund-raising effort that was discussed was a booth at the Minden Fall Fair. This event is in late August and volunteer help from the members will be a "must" if this effort is to succeed. Be a volunteer — you'll be glad and the club will benefit.

As you know, whenever I find something good I like to pass it on. Whenever you're on a trip it's always good to know where to go, where to eat etc. The next time you're over to Barrie there's one place to eat that's gotta be the best (outside of Haliburton County that is)

I've fanged enough food in a good many places so that when I hit a good spot I like to let others know. This place, the "River Gardens" about three miles west of Guthrie on Highway 400 is owned and operated by Robert Ayers. For the past 13 years he and his father have been serving the public. Mr. Ayers' father died about four years ago but the business still carries on in the format set by his father. Good, home style cooking and excellent service that is the secret of his success. The service was capably handled by Gloria Sanford an expert at handling hungry customers.

The next time you're over Barrie way — you'll enjoy the day more if you stop at the River Gardens — the food is worth stopping for.

The walkathon is gaining momentum. Got a nice 'phone call from Mrs. Wesson and she's going to be on hand with me and she assured me her many friends around the lakes are going to back her. Mrs. Ed Luke at Luke's Marina is also going to bat for the walkathon.

Got a short note from Snavely — he can't be here, press of business, he sez and enclosed a rumpled one buck bill — (the brown stains on it look to me like moth larvae) like I said Chester, only a buck? — it's appreciated anyway.

* * * *

"The man from Esso" Jack Austin upped his share of the action to ten bucks. There's lots more room for donations — don't be backward in coming forward — you put up the money, I'll live up to my part of the bargain.

* * * *

Received a nice letter from Mrs. Regina KACALA of Oshawa. She appreciates the column but has one complaint — on our mailing list we have her name spelled incorrectly — How about it Al. make the correction to Kacala and she will be happy. Mrs. Kacala is looking for someone to help with "Studio Girl" in Minden — see her ad and if you're interested get in touch with her.

* * * *

YOU've read the CBC's answer to Bill Scott's letter. Typical of all such companies — a complete disregard of people's wishes, even the people who are supplying the money to keep the CBC in operation. For some obscure reason which they desribe as "we must look ahead in our programming, and provide for the development of new ideas and new talent." this allows them to progressively ram down our throats through the "Boob" tube, homosexual acts, bearded and haired hippies and any other perversion they care to serve up — to watch some of the plays on the CBC you would begin to wonder what's happened to the "old indoor sport" it's gone by the board — now instead of boy meets girl — it's boy meets boy and whoops we're away. If a boy does meet a girl he's so damn backward and clueless with a girl you'd wonder what they learned him in college.

So much for the CBC and Don Messer — it's our loss and the CBC and the "fairy princess" can now hold forth.

* * * *

See you next week — until then think about this — One of the office staff is dangerous to have around — "too many moving parts."

ARE YOU CONFUSED?

Since Council passed the By-Law establishing an agreement with the four municipalities, a week ago, some people have been wondering if there will still be a vote on a community centre. The interpretation of this agreement has been taken the wrong way.

At the last Council meeting here, Council had to pass a by-law, to have on paper the rgiht to join in agreement with Stanhope, Lutterworth, Snowdon, on a combined community centre and artificial ice. The cost, if the vote is passed by all municipalities, will be shared by the four areas, on an equalized assessment basis.

The vote in the four municipalities will be held on the same day — Saturday, August 9th.

The money being pledged, by the Rotary and Kinsmen, along with other monies from groups such as the walk-a-thon, will be used if the vote goes through, for extra facilities needed in the new centre. The actual cost of the new structure will be shared by the four municipalities.

WALK-A-THON GETTING CLOSER

For those of you who haven't registered for the walk, had better do so, pledges will be getting a little tougher to get as time goes on. Anyone who needs a few pledges should head out around some of the lakes on the week-ends,. I am sure the cottage owners would be more than pleased to contribute a little financial support towards this cause.

By the way, we haven't received too many registrations yet from our cottagers, to make the walk. You city folk, I have been told walked over thirty-two miles in Toronto recently, this jaunt from Haliburton to Minden should be a breeze.

Our office will be open this Saturday, for anyone to drop in and register, pledge forms are available on registering. Don't be shy, we need all the support we can get along with all the pledges.

We have been more than pleased with the response to date for the walk. The only surprise has been the lack of interest from high school students. It seemed only a short time ago that some of the students were up in arms over the lack of facilities for them in this community. Now there is your chance kids — lets get behind this project with a little more enthusiasm.

BOATERS GO SLOW

Since the water in the Gull River has reached an almost record level, we have been asked by many people who live along its banks, to ask boaters to slow down. It would be a good idea if boaters would stay off the river altogether till the water level is lowered, this should only be a matter of a few more days.

The wake made by motor boats, has apparently been washing away valued lawns and docks, along with articles which have been stranded since the water came up. Lets give these river dwellers some consideration, while boating, not only now but all summer.

BOWLING WINNERS

LOCAL STUDENTS GRADUATE FROM SIR SANDFORD FLEMING

"Older people deplore change, middle-aged people worry about change, but young people should be exhilarated by it", Sir Sandford Fleming College president D. B. Sutherland told 98 graduates at that institution's second convocation on May 24th. The ceremony was held in Trinity United Church, Peterborough.

Mr. Sutherland warned graduates, however, to beware those who promise instant happiness through some particular brand of change.

Niagara College president Dr. W. B. Bowen, who presently is chairman of the Committee of Presidents of all Colleges of Applied Arts and Technology in Ontario, presented the diplomas, assisted by Sir Sandford Student Administrative Council president George Saunders.

Henry W. Nokes, chairman of the College's Board of Governors, welcomed graduates and guests. Candidates receiving diplomas were: Dawn M. Wallace, Wilberforce, Childhood Education, Helen Hartin General Business, Theresa Young Legal Secretary, Brock Kellett Electrical Technician, Roger Hogg Electronic Technician.

HOCKEY BANQUET HELD IN KINMOUNT RECENTLY

A hockey banquet was held in the Kinmount Legion last Wednesday night May 14th. A lovely supper was served by the Legion women. Special guests were Constable Whitney and his wife, Joe Junkin of the Boston farm system and his mother, and Ron Stackhouse of the Peterboro Petes. Trophies were presented to the coaches and managers of the different teams by the captains of each team. Malcolm Crego presented his coach of the Mites Reg McCluney with a trophy, followed by Reggie Crego of the Novice team presenting a trophy to Rolf Stange, Michael Popert presented trophies to the Pee Wee Management John Dettman coach, Gerald Spencer Manager, George Simmons Trainer. Peter Popert presented trophies to the Bantam management: Jack Phillips, Bruce Dettman and Elwood Swanton.

A presentation was made by John Dettman to the Kinmount Pee Wees who had won the Ontario CC Championship in the Little NHL and the Northern Championship in the OMHA. A Trophy was presented to each player as a memory of the past season, plus one was presented to their faithful stick boy Gerard Allen.

Other trophies that were won by Kinmount teams this season were: The Kawartha League title and the Crooked Lakers trophies won by the Bantams, the Marsh Dudman Trophy and the Kinmount Minor Hockey Consolation Trophy won by the Novice: the Mites won the Kinmount Minor Hockey Trophy plus a sportsmanship Trophy from Bobcaygeon. A hockey film was shown and a lovely evening was enjoyed by all who gathered for this annual occasion. At least 130 people were present.

PRESENTS SCHOOL WITH PICTURES

Pictured above is Mr. Garnet Graham of Fenelon Falls, insurance salesman for Confederation Life, presenting pictures of the "Gallery of Canadian History" to three of the pupils of the Archie Stouffer School. Mr. Harold Morgan, principal looks on. The students are Glen Gilmore, Gay Coneybeare, Joy Johnson.

Rich in the ingredients necessary to greatness, Canada is on the threshold of unprecedented development. As it nears the Centenary of Confederation the future seems boundless. To the young person starting out today it is a country offering vast horizons, not unlike those which first astounded the Cabots, Cartier, Gilbert, the illustrious Champlain and half a hundred others.

Searching for an answer to Canada's phenomenal development, one has only to look back into history and to count the contributions of the men and races who have followed. In this context, Confederation Life Association is proud to present its Gallery of Canadian History approach of l
in printed form.

All the original paintings reproduced have been commissioned over the years for Confederation Life's Canadian historical collection. It started with a painting of the Ottawa celebrations of July 1, 1927 which marked the Diamond Jubilee of Confederation and has continued ever since. A painting to salute Canada's 100th birthday is nearing completion. The collection is on display in the 10th floor Gallery of Confederation Life's Toronto head office except when travelling on loan. At such times framed prints are shown. Visitors and students are always welcome and will find the company's archives of interest.

As calenders, some 4,000,000 reproductions of these stirring events have found their way into offices, homes, schools, librariies and archives in countries around the world — in English, French and Spanish. Many have been used in historical films or reproduced in Canadian and United States history books and encyclopedias. Copies hang in the City Halls of Halifax, Montreal, Toronto, Newfoundland's Parliament Buildings, and The Crysler Museum in Upper Canada Village, as well as in other public buildings

Of the paintings illustrated, 28 are the work of the late John David Kelly. He was an official war artist in the North-West Rebellion of 1885 and did his last work for Confederation Life in 1955 at the age of 95, three years before his death. Artists who worked with Mr. Kelly on one or more paintings have been H. B. Goodridge, Bruce Stapleton, and the late Thomas Mitchell. The 10 most recent paintings are the work of Rex Woods, noted for his keen historical research and meticulous attention to detail. To the skill of the artists, in order to present these illustrations in full color, has been added the century-old experience of ROLPH. CLARK. STONE, the lithographers responsible for this series from the start.

Delegation To Attend Meet - Buffalo

"Peace on earth' has come,' stated Mr. J. Norman Bradshaw, presiding minister of the local congregation of Jehovah's Witnesse's. He said this in announcing that delegates from the congregation will be attending the "Peace on Earth" International Assembly of Jehovah's Witnesses scheduled to be held July 6-13 in Buffalo, New York.

"In spite of the protests, campus rebellions, brush-fire wars and incidents which threaten war that are continually in the news, peace is already an established reality in the lives of Jehovah's Witnesses and will become even more solidly based in the near future," Mr. Bradshaw said. "Witnesses will be converging on seven cities in the United States, as well as Europe, Canada and the Far East, to attend on of the 'Peace on Earth' International Assemblies of Jehovah's Witnesses.

"We are preparing for the largest total attendance at any series of our assemblies ever," he continued. "Families from the local congregation are making plans to go into Buffalo to demnstrate, not by a street march, but by living, working and worshipping together for eight days, that there do not have to be 'confrontations' because people have different political, ethnic, or social backgrounds.

"Because Jehovah's Witnesses make practical application of the words of the 'Prince of Peace' in hteir daily lives," he continued, "the result is a strongly knit group of peaceful people. Genuine love for God, for neighbour and for family rules out the frantic competitions and jealousies so prevalent in human society in general."

Lectures, discussion groups and costumed dramas of life in Bible tmie will be features of the program at each convention and will explain more about the way God's kingdom is going to bring total peace in every way to the earth, Mr. Bradshaw said.

In the meantime, he said local Witnesses are engaging in a mass distribution of the May 22nd issue of the Awake! magazine as a means of spreading information they feel is essential to understanding the problems and issues of our day.

"This issue asks the question, 'Why the worldwide student revolt?' and answers it from the Christian viewpoint. What students want, whether violence can be justified, plus what the young can look to for a happy future are some of the points covered by the special issue," Bradshaw concluded.

CLAIM BOY THROWN INTO LAKE AFTER TOSSING FIRECRACKERS

DROWNING NEAR MINDEN

Police believe a 15-year-old Downsview boy who drowned on the weekend was thrown into Little Redstone Lake, about 30 miles northeast of Minden.

Reportedly the drowning victim Bradley McCallum and a companion 14-year-old Kenneth Montizambert of Downsview had gone down the lake in a boat about 10 p.m. Saturday and were throwing firecrackers at a cabin occupied by three men "as a prank".

The three allegedly threw the boys into the lake and the boys scrambled to shore. The men then pushed the boat out into the water and told the boys to swim for it.

Rather than hike the three miles by land back to the Montizambert cabin, the boys reportedly swam toward the boat, which was about 30 feet from shore. As the Montizambert boy reached the boat, he heard the Bradley boy calling for help according to police. Kenneth started swimming towards his friend, but the Bradley boy slipped beneath the surface of the icy water. The temperature of the water was about 35 degrees — three degrees above freezing.

Attempts by the Montizambert boy to find the body were unsuccessful. It was recovered Sunday by OPP scuba divers, Constable Barry Connelly of Minden and Constable Frank Wilson of Lindsay.

Coroner Dr. F. E. A. Griffiths has called an inquest for June 9 to probe the boy's death.

NOTES:

1. The Expropriations Act, 1968-69 provides that,

   (a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

   (b) the inquiry officer,

      (i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

      (ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed $200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner and "registered owner" are defined in the Act as follows:

   "owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;
   "registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

DOLLARS AND GOOD SENSE

by William J. Martin

Dear Sir: I just can't seem to get my husband interested in our financial affairs. He brings home the money, it is true, but he leaves it all up to me to pay the bills and budget the money. He doesn't even know how much we have in our savings and checking accounts. And to top it all off, last week he had an occasion to write a check an dnoticed that our balance was only $50.00. He made some remark like: "Where did all the money go?" I was so furious I could see red. How can you help?

Mrs. J.E.B.

If he really wants to know where "all the money goes," Mrs. B., here's what I suggest you do. I assume (though maybe I'm wrong) that you're not working from a budget. He just gives you the money and you pay the bills. Right? If that's the case then sit down and make a list of all your outstanding bills that come due each month (rent romortgage payment, furniture, utilities, car payments, etc.). Then, figure out all your other costs such as food, clothing for the family, transportation, entertainment, cigarettes, etc. — in fact everything you spend money for. Put that all in one column on the page. In the other column simply enter the amount of take-home pay your husband receives per month. Write a note at the top which says "This Is Where Our Money Goes" and then hand it to him.

Financial Statement

MARCH 31, 1969

To the Members,
Haliburton Highlands Chamber of Commerce Incorp.
(Haliburton Highlands Regional Tourist Council),
MINDEN, Ontario.

I have examined the books and records of Haliburton Highlands Chamber of Commerce, Incorporated, (Haliburton Highlands Regional Tourist Council) for the year ended March 31, 1969 and have obtained all of the information and explanations I have required.

I report that, in my opinion, the accompanying statement of receipts and disbursements fairly presents the results of operations of Haliburton Highlands Chamber of Commerce Incorporated, (Haliburton Highlands Regional Tourist Council) for the year according to the best of the information and explanations given to me and as shown by the books.

Where Our Money Goes" and then hand it to him.

You may get him interested enough to ask some questions so that hopefully, he will be concerned about where all the money goes and the two of you can sensibly discuss a workable budget.

I'm not really opposed to you writing all the bills and actually handling the finances. I believe that one member of the family should be designated the finance officer. But I also believe in keeping the other member informed, especially when it comes to making decisions involving your finances and sticking to an agreed upon budget.

JEHOVAH'S WITNESSES HOLD SEMI-ANNUAL MEETING IN MIDLAND ARENA

"Law and order are possible in this generation. God will produce this earthwide."

So stated Arthur Powley, District Supervisor of Jehovah's Witnesses, in addressing a peak attendance of $1,016 persons assembled at a semi-annual seminar held in the Midland Arena this past weekend.

He pointed out that today many people advocate law and order only for self-protection from such things as rape, mugging, riots and robbery. But do they want law and order to be so thorough that it will force them to stop stealing from their employers? Many, he said, obey traffic laws when the police are present but quickly violate these laws when they think they can get away with it. Christians should obey the law, he asserted, not only because it is best for all, but because it is God's will. Our upholding law and order now will not make this world perfect but will help us make our way into a perfect new system.

Mr. J. Norman Bradshaw, local presiding minister for Jehovah's Witnesses, spoke appreciatively of the instruction provided in the wise use of time in our lives.

Bible instruction in people's homes was highlighted as the delegates sat through three days of demonstrations, interviews and lectures, all on personal evangelism. Young and old were involv-

DARK POULTRY MEAT MEANS TASTY EATING

Appearances can be deceptive. Discolored bones and meat in poultry do not indicate spoilage or souring. Professor Earl Hunt, Department of Poultry Science, University of Guelph, says that discoloration in poultry does not affect flavor or quality. Research has shown that the dark color is caused by pigment from bone marrow. The pigment spreads to meat lying near the bone and becomes darker with cooking or freezing.

Youg fast-growing birds - those used for broiling, frying or barbecuing - have soft, porous bones so the marrow pigment can move easily to the surface. In older birds, this does not occur because the bones are harder and the pigment remains sealed in. Actually, darkening of bones and meat indicates a young, tasty bird for your table.

ENGAGEMENT

The engagement is announced of Margaret Elizabeth McKay, daughter of Mrs. McKay and the late Gordon Syer McKay, to Joseph Brian Henry, son of Mr. and Mrs. Martin Ambrose Henry of Barrie, Ontario. The wedding is to take place Friday, September 19th., 1969, Queen's University Chapel, Kingston, Ontario.

NEW PROGRAM FOR BICYCLE SAFETY

In view of the disproportionate increase in Ontario last year the Department of Transport is instituting a new bicycle safety program aimed at elementary school children.

The number of persons killed while riding a bicycle on Ontario roads more than doubled last year, with 47 fatalities as compared to 22 in 1967. Reportable injuries were also up, increasing by over 13 per cent. Most of those killed and injured in collisions were male, with the greatest concentration in ages 9 to 14.

The new safety program, soon to be made available to the public, will offer colorful wall posters, pamphlets and book covers, stressing all aspects of bicycle safety.

A film strip is also being produced for use in bicycle safety instruction. Titled, "Fun on Wheels", it uses two scripts — one designed for children in grades one to five, the other for students in the higher grades. Cartoon characters will illustrate safe bicycle driving tactics as well as common errors.

A letter offering the full range of the program will be sent out to Ontario's 6,000 elementary schools, and these are available to the general public as well.

The Department of Transport also sponsors Crusader Cycle Clubs across the province and provides free materials for adults interested in teaching young people the rules of safe cycling. To navigate safely through urban traffic, young cyclists must know the same rules of the road that car drivers are required to know.

ABOUT THE TOWN

With Jeanne Sears

We would like to wish Miss Ida Noice a very happy birthday on Tuesday of this week when she celebrated her 87th birthday. She is a daughter of the late Edward Noice and before her retirement was a nurse. She keeps very well and often walks down town to shop. Congratulations.

LETTER TO THE EDITOR

Dear Editor;

On behalf of the Minden Branch of The Canadian Cancer Society, I wish to thank your newspaper for the publicity which was given to the 1969 Cancer Campaign.

I wish also to thank all those in Minden and the surrounding area who contributed so generously to this year's appeal. The total to date is $1056.90. If anyone has overlooked making their donation, to continue the battle against cancer, they may still do so, and a receipt will be mailed promptly.

Special thanks to all those who canvassed, for a job well done

Sincerely,
Ina M. Brintnell
Campaign Chairman

Hawk Lake Road,
May 19th, 1969.

Dear Sir:

I was one of those who attended the Chamber of Commerce Dinner in Haliburton last Wednesday evening. It was the first function of the kind I have attended since coming to live here, and I enjoyed the experience of making new acquaintances, and the very excellent dinner served so efficiently by the Ladies Auxiliary.

I was amazed, though, that the program opened with "The Queen" rather than "Oh Canada". To have had a few bars of each would not have been so bad, but to have omitted it altogether seems incredible, especially since the guest of honour was a Member of Canada's Government, and since that affair was being held in a building dedicated to Canadian men and women who fought and died in two horrible wars on foreign soil. I am sure that for all of THEM, as each day dawned, the vision of Canada was bright in their hearts — the homeland they felt they were defending from the horrors experienced in those far off places.

My father was one of those who served abroad. Although British born, having come here at the age of eight he considered himself truly a Canadian. He went with pride in his step, for he loved Canada, every stick and stone of it, and he had an abounding faith in its future. I thought of him as I entered that hall, and I felt humiliated that those in charge of arrangements, the Chairman, and the Pianist, were so lacking in feeling for our country and its people as a nation, that they failed to honour it, the place we were in, those gone, and those present, with a rendering of OUR OWN national anthem.

It is not with any feeling of disrespect to Queen Elizabeth that I make these comments, but simply as a Canadian with the same love for my country, and the same faith in its future, as my father had.

Sincerely,
Louise Watson

COMING EVENTS

The Process of Silk Screen! The Haliburton Guild of Fine Arts is presenting an exhibition of the 'Process of Silk Screen' from May 19th to June 10th in the Gallery in Haliburton. This exhibition was designed and executed by M. Kathleen Cardiff and other members of the Society of Canadian Painter-Etchers and Engravers.
Demonstration panels are provided to show five stages involving seven colours, in the production of a silk screen print. The last stage is shown on the silk screen frame. The completed print may be compared with the original water colour sketch that inspired the design.
Completed silk screen prints have been added to the exhibition by other well known artists.

A lively 'young' exhibition by Canadian sculptors demonstrating their talents, vitality and skills. This exhibition is to be in the Gallery of the Haliburton Guild of Fine Arts from May 26 to June 7.
All these artists have something interesting to say and they do this in their own individual way and manner. The exhibition includes work by Capon, Cox Drenters, Graeb, Hunt, Marosan, Marx, Oesterle, Puchta, Rothschild, Mishel, Harlander and McEcheran.
Media used include plastic, wood, stone, bronze, iron, ceramic, stainless steel and lead. Make it a 'Must' to see this fascinating exhbiition between the dates of May 26 to June 7.
